Below is a box with a picture in it, and with a piece cut out of the picture. The picture follows a pattern from left to right and top to bottom. Look at the picture in the box, and think what the missing piece must be like to complete the pattern correctly both across (left to right) and down (top to bottom). Find the right piece out of the six pieces shown next to the picture. Only one of these pieces is perfectly correct. Identify which piece is the one that is missing. First, here is an example that is not part of the test. The right answer is D.
